

The Right Use of the Earth

KNOWLEDGE, POWER AND DUTIES IN A FINITE PLANET

29 May > 1 June 2018

This event is part of the Paris Sciences et Lettres Research University PSL-Environment Research Project on "Environmental Humanities in the age of Anthropocene", and is supported by the NYU-PSL Global Alliance.

Scientific Committee

Peder Anker > New York University

Stefan C. Aykut > Hamburg University

Christophe Bonneuil > EHESS, PSL

Luca d'Ambrosio > Collège de France, PSL

Magali Reghezza > ENS-CERES, PSL

École normale supérieure 45 rue d'Ulm 75005 Paris [Registration free](https://rightuseofearth.sciencesconf.org/) <https://rightuseofearth.sciencesconf.org/>

The Right Use of the Earth

KNOWLEDGE, POWER AND DUTIES IN A FINITE PLANET

This event is part of the Paris Sciences et Lettres Research University PSL-Environment Research Project on “Environmental Humanities in the age of Anthropocene”, and is supported by the NYU-PSL Global Alliance.

PROGRAM

Important notice:

*For security reasons, all participants have to register on the conference website /
Pour des raisons de sécurité, tous les participants doivent s'enregistrer sur le site de la conférence:*

<https://rightuseofearth.sciencesconf.org/registration/index>.

Thank you for your cooperation / Merci de votre coopération.

- 9:00 Registration
- 9:20 Welcoming speech: **Alain Fuchs**, president of PSL University | **JAURÈS****
- 9:30 Conveners' Introduction
- 9:45 Keynote | **JAURÈS**
Planetary Boundaries: the Science and the Global Policy Implications
> Speaker: **Katherine Richardson**, University of Copenhagen
> Chair: **Stefan Aykut**, University of Hamburg
- 10:45 Coffee Break
- 11:00 Roundtable | **JAURÈS**
Planetary boundaries, Thresholds, Budgets as « hard data » for effective global environmental governance?
> Chair: **Stefan Aykut**, University of Hamburg
> Participants: **Katherine Richardson**, University of Copenhagen | **Sabine Höhler**, KTH Royal Institute of Technology | **Oliver Geden**, Max Planck Institute for Meteorology, Hamburg and SWP, Berlin | **François Gemenne**, University of Liège/SciencesPo
- 12:30 Lunch
- 14:00 Roundtable | **JAURÈS**
La sûreté de la planète: esquisse d'une communauté de valeurs (en français)
> Chair: **Mireille Delmas-Marty**, Collège de France
> Participants: **Laurent Neyret**, University of Versailles | **Cécile Rénuard**, ESSEC Paris | **Camila Perruso**, University of Paris 1/Collège de France | **Catherine Le Bris-Hervé**, University of Paris 1
- 16:30 Coffee Break
- 17:00 Keynote | **JAURÈS**
In Our Hands? The Legal Organisation of the Anthropocene
> Speaker: **Jorge E. Viñuales**, University of Cambridge
> Chair: **Luca d'Ambrosio**, Collège de France
- 18:00 End of the first day

** Please note that Amphi **Jaurès** and **Room 236A** are located at 29 rue d'Ulm, while Amphi **Dussane** and **Room Résistants** are at 45 rue d'Ulm (see last page for directions).
Please also note that the entry to 45 rue d'Ulm is located at **24 rue Lhomond**.

- 9:30 Plenary session | **Jaurès**
Planetaryization of the World, Planetarisation of Law?
> Speakers: **Magali Reghezza**, ENS and **Luca d'Ambrosio**, Collège de France
> Chair: **François Gemenne**, University of Liège/SciencesPo

10:45 Coffee Break

- 11:00 Table Ronde | **Jaurès**
Le droit, la terre et la Terre (en français)
> Chair: **Alain Supiot**, Collège de France
Augustin Berque, EHESS | *La terre et la Terre : une question d'échelle et de devoirs.*
Giuseppe Longo, ENS | *L'optimalité mathématique et le pilotage des hommes à l'aube de la Transition*
Danouta Liberski-Bagnoud, CNRS | *La face inappropriable de la Terre. Une autre façon d'instituer le rapport au sol et aux choses (Kasena, Burkina Faso)*
Pierre-Étienne Kenfack, University of Yaoundé II | *Limiter la braderie des terres d'Afrique centrale ; un enjeu de portée planétaire.*

13:00 Lunch

- 14:30 Session 2 | **Jaurès**
17:00 **Nature and Law: Lessons from Indigenous Cosmologies**

- > Chair: **Catherine Le Bris**, CNRS/University of Paris 1
Betsan Martin, Response Alliance and **Linda Te Aho**, University of Waikato | *Living Well with the Earth: the Whanganui River Act of 2017.*
Ellen Kohl, St. Mary's College of Maryland and **Jaime Walenta**, University of Texas | *Is Nature a Person too? The legal and scalar movement of personhood as a tool for governing the Anthropocene.*
Cosimo Gonzalo Sozzo, University of Santa-Fe | *The concepts of « Good Living » and « Long Last Development » in the South-American constitutional case-law.*
Delphine Couveinhes-Matsumoto, Organisation internationale de la Francophonie | *Indigenous Property Rights in the Interamerican Court of Human Rights case-law.*
Émilie Gaillard, University of Caen | *Towards a transgenerational legal matrix: tools and practices.*
Eugenia Kisin, NYU | *Rocks, Earth, and Relations: The Anthropocene Between Art and Anthropology.*

- 16.00 Session 3 | **RÉSISTANTS**
18:30 **Governing transnational commons**

- > Chair: **Peder Anker**, NYU
Martine Chalvet, Aix-Marseille University | *Silva Mediterranea: A Mediterranean international cooperation.*
Margot Lyautey, EHESS | *Nazi « Geopower »: expansion, experts and the right use of the land, 1930-1945.*
Jamie Linton, University of Limoges and **Myriam Saadé-Sbeih**, Graduate Institute of International and Development Studies - Geneva | *Global water and its limitations.*
Anna-Katharina Laboissière, ENS | *Collect, save, adapt: biodiversity repositories and archiving in times of ecological catastrophe.*

18.30 End of the second day

- 11:00 Session 1 | **ROOM 236A**
Early Modern Geopower/Geoknowledge

- > Chair: **François Regourd**, University of Paris Nanterre
Jean-Baptiste Fressoz, EHESS | *From the « sacred tree » to the « sacred earth »: natural theology, water cycle and climate change 1500-1700.*
Lidia Barnett, Northwestern University | *The Reformation's Anthropocene: Gender, Global Catastrophe, and Embodied Geologic Agency in Sixteenth-Century Italy.*
Sara Miglietti, John Hopkins University | *« For our land and the whole of Europe »: local and global in early modern debates on climate change.*
Lino Camprubi, MPI for the History of Science | *Blue Planet: Science, Technology and Law in the Emergence of the Global Ocean, 16th-19th century.*

8:45 Welcome

9:00 Plenary session | **JAURÈS**
How did we come to know we have global environmental problems? Knowing and governing the Earth in western modernity

> Chair: **John Tresch**, University of Pennsylvania

> Speakers: **Fredrik Albritton Jonsson**, University of Chicago | *Improving planet Earth in the 18th century.*

Christophe Bonneuil, CNRS/EHESS | *Towards a history of geopower: up-scaling «resources» and «mankind», and the right use of the globe around 1900.*

10:30 Coffee Break

10:45 Roundtable | **JAURÈS**
Staging and debating the limits of the Earth during the cold war

> Chair: **Marc Elie**, EHESS

Malte Rolf, University of Bamberg | *«Limits to Growth» in Soviet Perspective. Critical Discourses on modernity in the USSR during the 1960s and 1970s.*

Ronald Doel, Florida State University | *Grasping the Limits: M. King Hubbert's Concept of Peak Oil.*

Yannick Mahrane, EHESS | *Governing the Earth's environmental limits to growth through economization: from the Paley Commission to the RFF, 1952-1964.*

Egle Rindzeviciute, Kingston University | *Soviet Policy Sciences and Earth System Governmentality.*

10:45 Roundtable | **DUSSANE**
Climate Justice and Climate Change Liability

> Chair: **Marta Torre-Schaub**, CNRS/University of Paris 1

Antonin Pottier, Université Libre de Bruxelles | *Global climate justice: principles to share the carbon budget.*

Catherine Larrère, University of Paris 1 | *Is anybody responsible for climate change?*

Agnès Michelot, University of La Rochelle | *Climate Change and Vulnerabilities.*

Clémence Dubois, 350.org | *The role of civil society in energy transitions.*

12:30 Lunch

13:50 Session 1 | **JAURÈS**
Post WW2, great acceleration, and the rise of the « global environment »

> Chair: **Christophe Bonneuil**, EHESS/PSL

Michel Dupuy, IHMC | *Shortage of resources and political model in the GDR.*

Peder Anker, NYU | *How Norway Became an Environmental Pioneer for the World.*

Sabine Höhler, KTH Royal Institute of Technology | *Terraforming Technoscience and Environment in Experimenting with Earth.*

Jeni Barton, University of Toronto | *From Space Colonization to Anti-Colonialism: The Life and Death of NASA's First Initiative to Study the Earth as a System.*

13:50 Session 2 | **DUSSANE**
Knowing the Earth (18th-20th century)

> Chair: **Sara Miglietti**, John Hopkins University
Daniel Andersson, Linköping University | *Immanent Geology: Organicism and the Principle of Self-Organization in Earth Science.*

Etienne Benson, University of Pennsylvania | *Geomorphology, Empire, and the Earth without History.*

Karen Holmberg, NYU | *Mephistopheles on Mauna Loa: the volcano in early modern science and late capitalist geoknowledge.*

Sébastien Dutreuil, CNRS | *From Gaia's physiological functioning to the planetary boundaries of the Earth system*

15:50 Coffee Break

16:10 Session 3 | **JAURÈS**

Governing a finite planet: states, markets or civil society?

- > Chair: **Stefan Aykut**, University of Hamburg
Esther Meyer, **Gregor Schmieg** and **Isabell Schrickel**, Leuphana University Lüneburg/
Arizona State University | *Platform Politics. New Departures for Climate Action?*
Adrian Macey, Victoria University of Wellington | *Where Action Outpaces Law: Non-state Actors in the Global Response to Climate Change.*
Diego Landivar and **Emilie Ramillien**, Origens Media Lab | *Governing the Anthropocene through limits: should we use markets, law or gods?*

16:10 Session 4 | **DUSSANE**
Pathways to sustainability: what scope for political action?

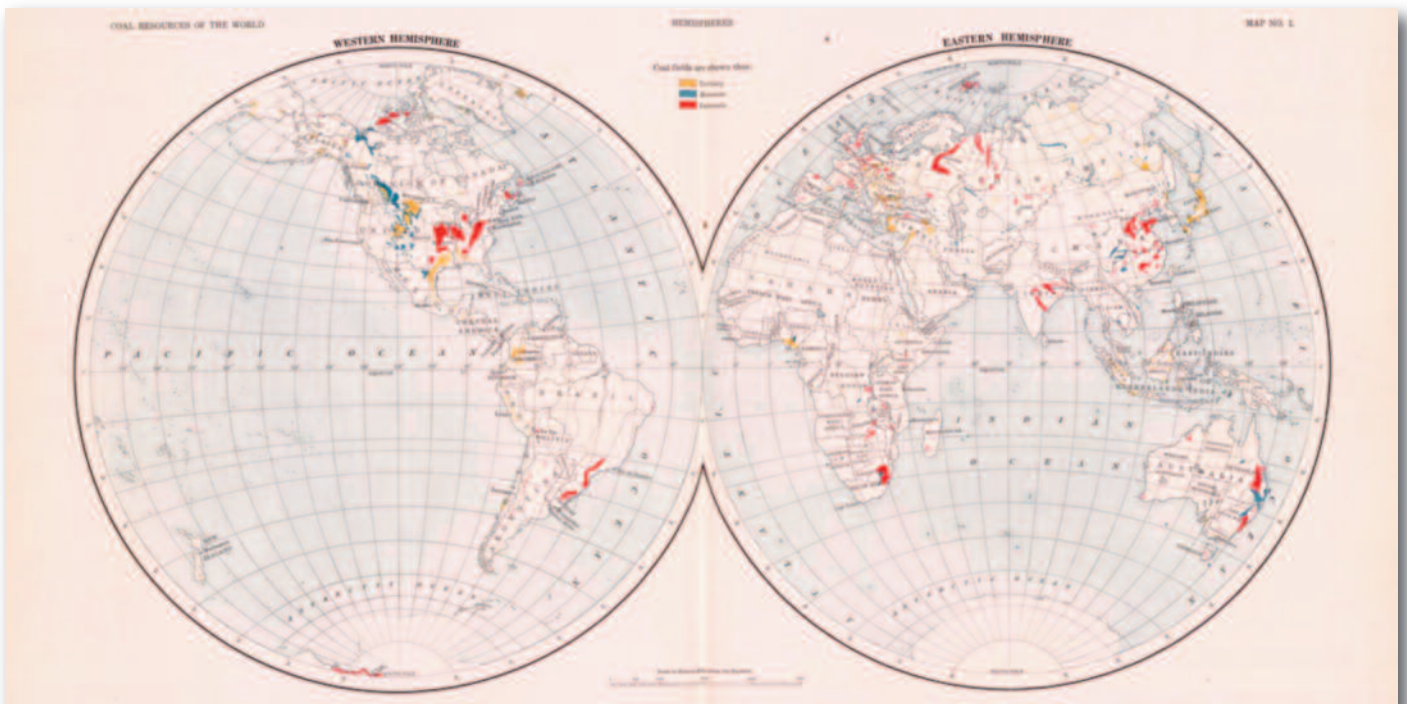

- > Chair: **Oliver Geden**, Max Planck Institute for Meteorology, Hamburg and SWP, Berlin
Amy Dahan, CNRS/EHESS | *Between Prospective, Utopias and Politics, how to think a return to the Terrestrial?*
Judith Nora Hardt, University of Hamburg | *Environmental security in the Anthropocene: between boundaries and normative pathways.*
Céline Granjou, IRSTEA | *Soil, carbon and the promises of « negative emission technologies ».*
Christoph Görg, **Andi Maier**, **Melanie Pichler**, **Christina Plank**, **Anke Schaffartzik** and **Fridolin Krausmann**, Institute of Social Ecology, University of Klagenfurt | *The Great Acceleration – a challenge for social-ecological transformations.*

18:00 Keynote | **JAURÈS**

Plantationocene: Life in Past and Coming Ruins

- > Speaker: **Anna Tsing**, University of California, Santa Cruz/Aarhus University
- > Chair: **Christophe Bonneuil**, CNRS/EHESS

19:00 End of the third day

9.30 Keynote | **JAUÈS**
Anthropocenic Promises: The End of Nature, Climate Change and the Process of Post-Politicization?
 > Speaker: **Erik Swyngedouw**, University of Manchester
 > Chair: **tbc**

10.30 Coffee Break

10.50 Session 1 | **JAUÈS**
Up-scaling and down-scaling the « global » environment
 > Chair: **Erik Swyngedouw**, University of Manchester
Gerald T. Aiken, University of Luxembourg | *Up-scaling and down-scaling, top-down and bottom-up: Critiquing the scalar imaginary of community low carbon transitions.*
Émeline Comby, Yves-François Le Lay and Hervé Piégay, University of Bourgogne Franche-Comté /University of Lyon 3 | *Scales and Constructions of Rivers. Temporal Approach of the Rhône Riverscapes since WW2.*
David Blanchon, University Paris Nanterre | *Transcalar water scarcity: Construction and political use of narratives about a « finite resource » in South Africa, 1912-2017.*
Aníbal G. Arregui, University of Vienna | *Worlds on a Body Scale. Amazonian Socioclimatic Outreaches.*
Mauve Létang, University Paris-Sorbonne | *Governing the local commons through global discourses - A map of the new geopolitics of local sovereignty in the Himalayas.*

10.50 Session 2 | **DUSSANE**
Concepts and norms in global environmental discourses
 > Chair: **Frédéric Worms**, ENS
Donatien Costa, University of Paris Nanterre | *Environmental conflicts in a finite world of the Anthropocene.*
Pierre Charbonnier, EHESS | *Beyond limits fetishism: how to make sense of the « planetary boundaries ».*
Fabrice Flipo, Institut Mines Télécom | *The limits of the planet in political philosophy.*
Pierre de Jouvancourt, University of Paris 1 | *The rise of the Anthropocene concept in international arenas.*
Baptiste Morizot, Aix-Marseille University | *Predation vs production in discourses on the right use of the earth.*

13.00 Lunch

14.30 Keynote
Imperial modes of living: global capitalism, North-South relations and the limits of a planetary form of life
 > Speaker: **Ulrich Brand**, Universität Wien
 > Chair: **tbc**

15:30 Session 3 | **JAUÈS**
Life, soils and undergrounds as sites of limits/abundance construction
 > Chair: **Birgit Müller**, EHESS
Sébastien Chailleux, Centre Émile Durkheim | *Increase inventory, control downstream flows: Politicization of the underground and conflictual definition of the limits of Earth.*
Nelly Leblond, University Montpellier 3 | *Governing global agriculture through yield gaps: Rise and frictions of a paradigm.*
Jasper Montana, University of Sheffield | *The weight of the world: Constituting an expert Leviathan for global biodiversity governance.*

15:30 Session 4 | **DUSSANE**
Situating planetary knowledge, temporalities and visualities
 > Chair: **Bruno Latour**, SciencesPo
Sebastian Grevsmühl, CNRS/EHESS | *Where on Earth are we going? The Great Acceleration and its visual antecedents.*
Alexandra Arènes, Society of Cartographic Objects | *De-black Boxed the Globe, Mapping the Critical Zone.*
James Fleming, Colby College | *A Fraught History of a Finite Planet: Problems and Prospects of « Big History ».*

18.00 End of the conference

USEFUL INFORMATION

École Normale
Supérieure

École nationale supérieure

RER B | Luxembourg

Subway line 7 | Censier-Daubenton or Place Monge

Bus 21 or 27 | Feuillantines and Bus 91 | Berthollet

Localize your Conference Room

AMPHI JAURÈS | 29 rue d'Ulm - Garden Level

ROOM 236A | 29 rue d'Ulm - 2nd Floor

AMPHI DUSSANE | 45 rue d'Ulm - Ground Floor

ROOM RÉSISTANTS | 45 rue d'Ulm - Ground Floor

Entry to 45 rue d'Ulm at **24 rue Lhomond**.

Organisation

Nadine Razgallah: contact.true2018@psl.eu | +33 613 566 173

Outside the conference

About Hervé Bernard. The Anthropocene is central to the work of Hervé Bernard, theoretician of the picture and multi-talented artist : photos, sculptures, movies. Author of "Regard sur l'image", a cross-sectional essay on the understanding of the image through visual perception, image technique and culture (February 2018), "The truth of forms, the truth distorts" conference at the National School of Magistracy. Member of the of the French Center of Color and the on-line magazine "TK-21 LaRevue". Exhibitions and collections in Europe, the United States and Taiwan... www.regard-sur-image.com
